Correct answers · one point per question

Your starting point

Use this report to choose where to begin practicing.

Your skills by domain

Domain	Correct	Next step
Technology Basics	4 / 4 	Keep applying
Digital Citizenship	4 / 4 	Keep applying
Information Management	2 / 4 	Practice this topic
Content Creation	0 / 4 	Practice this topic
Communication	0 / 4 	Practice this topic
Collaboration	0 / 4 	Practice this topic
Safety and Security	0 / 4 	Practice this topic

Your next practice steps

Start with these topics, then use the answer explanations below.

1. **Content Creation** — practice with week 3.
2. **Communication** — practice with week 4.

This classroom score guides practice; it is not an IC3 certification score.

Answers and explanations

Correct

1. A webpage is difficult to read, but other apps look fine. Which adjustment best fits?

Your answer: Increase browser zoom

Browser zoom changes webpage size. Choose the control that matches the problem.

Review week 1 · Technology Basics

Correct

2. A partner needs your availability, but not appointment details. Which calendar share fits?

Your answer: Free/busy availability

Free/busy can support scheduling without disclosing event details. Verify the service's options.

Review week 1 · Technology Basics

Correct

3. Autocorrect changes a person's name in your message. What should you do?

Your answer: Review and correct the name before sending

Automation can save time but needs review, especially for names, addresses and meaning.

Review week 1 · Technology Basics

Correct

4. Before printing 20 copies, what is the most useful check?

Your answer: Confirm the printer and preview one test page

Verify the destination and output before sending a large print job.

Review week 1 · Technology Basics

Correct

5. You manage personal and volunteer accounts. What is a sensible practice?

Your answer: Check the active account and use separate credentials

Check the identity and audience. Keep credentials distinct and use appropriate account protections.

Review week 4 · Digital Citizenship

Correct

6. A nonurgent work message is ready late at night. What should guide when you send it?

Your answer: Recipient expectations, urgency and working hours

Timing and a clear response expectation help the recipient respond appropriately.

Review week 4 · Digital Citizenship

Correct

7. Which wording best respects different levels of experience?

Your answer: Here are the steps; tell me where more detail would help.

Inclusive communication explains context and avoids assumptions about age, culture or ability.

Review week 4 · Digital Citizenship

Correct

8. An app feature has changed. What is a useful learning response?

Your answer: Check official help for your version and try the steps

Version-specific help and a precise question support independent learning.

Review week 1 · Digital Citizenship

Correct

9. You need a nearby library computer class. Which search is most useful?

Your answer: Library computer class plus your town

Search terms should identify the service and location needed for the task.

Review week 2 · Information Management

Correct

10. A post claims a community service is available everywhere. How should you check it?

Your answer: Verify with the responsible organization

Responsible sources and corroborating evidence matter more than ranking or appearance.

Review week 2 · Information Management

Review this topic

11. An accurate page describes a service in another state. Why might it be unsuitable?

Your answer: Accurate pages are never useful

Correct answer: It may not be relevant to your local need

Accuracy, currency and relevance are separate questions.

Review week 2 · Information Management

Review this topic

12. Before submitting an online form, what should you check?

Your answer: Only its background color

Correct answer: Who collects the data, required fields and the confirmation

Understand the collection purpose, provide only needed information, and check the result.

Review week 2 · Information Management

[Review this topic](#)

16. A partner needs to revise your paragraphs. Which format best fits?

Your answer: Only a photograph of the page

Correct answer: An editable document with appropriate access

Choose the format and access that support the recipient's task. PDF is often useful for finished layout.

[Review week 3](#) · Content Creation

[Review this topic](#)

17. Which email subject best supports a clear request?

Your answer: Hi

Correct answer: Question about computer-help session location

A specific subject tells the recipient what the message concerns.

[Review week 4](#) · Communication

[Review this topic](#)

18. What does Bcc do in an email?

Your answer: Encrypts all message content

Correct answer: Hides Bcc recipient addresses from other recipients

Bcc hides recipient addresses; it does not encrypt content or prevent forwarding.

[Review this topic](#)

19. Before starting a free app trial, what should you inspect?

Your answer: Only the download button

Correct answer: Renewal price, timing and cancellation terms

Free trials can become recurring subscriptions. Review the terms and total cost.

[Review week 4](#) · Communication

[Review this topic](#)

20. A free game offers an in-app upgrade. What should you remember?

Your answer: Everything inside a free app is always free

Correct answer: The upgrade may charge money even though the app was free

In-app purchases are separate transactions; check terms, controls and receipts.

[Review week 4](#) · Communication

[Review this topic](#)

21. Two people edit a shared document together at the same time. What is this?

Your answer: A private backup

Correct answer: Synchronous collaboration

Synchronous collaboration happens at the same time; asynchronous work happens at different times.

[Review week 4](#) · Collaboration

[Review this topic](#)

22. A reviewer should suggest wording but not directly rewrite the file. Which access fits when supported?

Your answer: Public editor for everyone

Correct answer: Commenter

Commenter access fits feedback without granting direct editing rights.

[Review week 4](#) · Collaboration

[Review this topic](#)

23. Which feedback is most useful?

Your answer: Bad work.

Correct answer: Add a contact number after the steps so readers can find help.

Useful feedback names a specific change and explains the benefit.

[Review week 4](#) · Collaboration

[Review this topic](#)

24. Before recording a class video meeting, what should you do?

Your answer: Record secretly

Correct answer: Ask permission and follow the group's rules

Meeting etiquette includes checking recording permissions and respecting participants.

[Review week 4](#) · Collaboration

[Review this topic](#)

25. What is an example of universal design?

Your answer: Instructions available only through color

Correct answer: Controls usable by keyboard as well as mouse

Universal design increases usability across needs and situations.

[Review week 5](#) · Safety and Security

[Review this topic](#)

26. An online contact uses a false identity to build trust. What is this commonly called?

Your answer: File versioning

Correct answer: Catfishing

Catfishing uses a false identity to build trust or manipulate someone. Pause and verify independently.

[Review week 5](#) · Safety and Security

[Review this topic](#)

27. You find an unknown USB drive in the lab. What should you do?

Your answer: Open it to find the owner

Correct answer: Give it to authorized staff without plugging it in

Untrusted portable media can carry harmful software. Follow approved device procedures.

[Review week 5](#) · Safety and Security

[Review this topic](#)

28. What is the purpose of encryption?

Your answer: Make every website honest

Correct answer: Make data unreadable without the appropriate key

Encryption protects data readability. It does not replace other account, device or trust checks.
